00:00:01

Hello.

00:00:03

Hello, hello. I speak with Olga.

00:00:06

Yes? Yes.

00:00:07

Hello, Olga. My name is Alexander. I call you at the request of Nikita. He asked to look after your position. Look, I will observe during today. I would like to immediately clarify my position. If anything, can you close yourself or will you need to help?

00:00:28

I need. He said to wait for her to go to zero. Well, so as not to close.

00:00:34

Yes yes. He notified about the difficult situation that you had. As I understand it, you got to the hospital.

00:00:42

Yes? He usually opened my transactions himself, and this is before the vacation, as he explained to me. And I just put 29 one instead of two nine -one and opened 29.

00:00:55

Oh oh! I understand, I understand.

00:00:58

To me? I am ashamed of the entire Internet. Apparently, I was typing, and in short, this mistake occurred because it does not open. I can close everything. He tells me how much it is necessary to close. And he explained this to me for the first time I did well, the second time I did well, and this is somewhere. In short, probably I was not ready yet. Myself, herself.

00:01:23

Listen, you actually got off with a slight fright, because opening a position 10 times more usually fraught with loss of all capital. I once had this in my practice, precisely on personal experience. I was still a newcomer for a long time, seven years ago. I then opened it instead of five lots by chance 50. So it turned out that I, as it were, traded with a broker, there were crazy people, and I didn't even pay attention, I go to my account after lunch, my positions were simply closed at a loss. That is, at that time I lost my first \$ 25,000. It was very painful.

00:02:03

I have it now too. And it just turns out that I did not work out. And I had to withdraw the money just because. Well, it turns out that just that's all.

00:02:17

The most important thing is that you have not lost capital, because everything could end much worse. That is, here.

00:02:26

Again this one as it, what is it called?

00:02:30

Yes yes, I see. Well, look, that is, in fact, as I see, you have no other choice. That is, you had a choice either to lose everything, or at least somehow try to save. That is, you saved. This is much better, because in any case you will do it later, you can simply get more. But the most important thing is to solve from this position now and that it does not go further into minus.

00:02:58

Because I.

00:02:58

I see that you have a little sinking a little, you had 26 22 in the morning, most likely there would be some kind of swing. In any case, I will be in touch with you, if suddenly some urgent measures are required and so on. That is, I would be reviewed with you, right? Of course, of course. I was asked. That is, I am the leader of Nikita. I generally work with millions of accounts. That is, I do not belong. But given the fact that Nikita very much asked you to look after you very much, because it was a difficult situation. That is, I would like to celebrate the New Year calmly and not worry about the fact that something will be wrong.

00:03:44

And can you have a question? Do you think she will still close somehow?

00:03:51

See the forecast for this position is more than good. That is, it will simply be necessary to observe that there is no. It was not that we missed this position, because in fact we will have literally one attempt to close this position in a minimum plus or minus, or to zero. That is, we will already look at the situation. That is, up to the point that even if I see that the deal is minus two, -1000 is coming, right? That is, then she will further worsen, and there is no option that she will go out to zero, then I will tell you about it, we will have to close it in a small minus. But if we see that maybe we will have to donate a little, but, at least, so that there is no such thing, well, you understand.

00:04:37

I understand that I am in minus alone, of course, not -25.

00:04:47

Yes. And literally stay on the line literally a minute.

00:04:51

Okay, good.

00:07:16

I'm sorry.

00:07:17

It's OK.

00:07:19

Yes. Therefore, look, do not worry about your situation again, it is completely under control. It will be completely under control. In any case, I will make every effort in order to block this situation even in a plus. That is, we will look already, to start specifically from the situation. I think, in principle, until the end of this day, we must get rid of it, forget as a nightmare. And then it's just more attentive when you open it. Because, I think Nikita will not stand this position the second time.

00:07:57

I myself could not stand it. Well, preferably once to step on a rake and learn.

00:08:04

That's for sure.

00:08:07

It is advisable not to step on them, of course. Well, since it happened. Of course, I was in shock in general. When I saw, as you say, I began to close others. I look, I understood, I was in shock, my nervous breakdown began.

00:08:25

Listen, you actually got off with a slight fright. Because, I repeat, I had a situation when I personally opened a position instead of five lots at 50. That is, I lost \$ 25,000 at that time for me, it was a lot of money for me, believe me, a huge one.

00:08:40

For me now, if I lose these 25, this, in principle, is all that I am so far. That is, it was a profit. For me, this is also, let's say.

00:08:53

Noticeably.

00:08:55

Moreover, I already had it.

00:08:57

So far we have been talking to you already 17 717 800.

00:09:00

And I just came in, was 22.

00:09:05

300. It's simple.

00:09:07

Volume.

00:09:07

Big. Therefore, any, even a change in price, it immediately goes minus four, plus four and so on. It can rise, but if it rises there, in any case I will follow this. That is, do not be scared, everything is under control. Fine.

00:09:24

Thank you very much.

00:09:26

Yes, Olga, then it was nice to meet you. My name is Alexander. I'll take you back after dinner and check what is with your deal. Fine.

00:09:36

Fine. At any time.

00:09:38

Thank you.

00:09:39

Thank you very much. And you too. Thanks a lot. Fine.

00:00:01

Алло.

00:00:03

Алло, здравствуйте. Я говорю с Ольгой.

00:00:06

Да? Да.

00:00:07

Здравствуйте, Ольга. Меня зовут Александр. Звоню вам по просьбе Никиты. Он попросил присмотреть за вашей позиции. Смотрите, я в течение сегодняшнего дня буду наблюдать. Хотел бы сразу уточнить свою позицию. Если что, умеете самостоятельно закрывать или вам нужно будет помочь?

00:00:28

Мне надо. Он сказал, чтобы дождаться, чтобы она вышла на ноль. Ну, чтобы не закрывать.

00:00:34

Да да. Он уведомил по поводу трудной ситуации, которая у вас возникла. Я так понимаю, вы попали в больницу.

00:00:42

Да? Он обычно мне сам открывал сделки, а это он перед отпуском, как он мне объяснил. И я просто вместо два девять один поставила 29 один и открыла 29.

00:00:55

Ой ой ой! Я понял, я понял.

00:00:58

Мне? стыдно за весь интернет. Видно, и я набирала, и короче, эта ошибка произошла, потому что он не открывает. Я умею закрывать все. Он мне говорит насколько надо закрывать. А это он мне объяснил Первый раз я сделала хорошо, второй раз сделала хорошо, а это где то у меня. Короче, наверное, я еще не готова была. Сама, сама.

00:01:23

Послушайте, вы на самом деле отделались легким испугом, потому что открыть позицию в 10 раз больше обычно чревато потерей всего капитала. У меня было один раз такое на своей практике, именно на личном опыте. Я еще был новичком давно это было, лет семь назад. Я тогда открыл вместо пять лотов случайно 50. Вот и получилось так, что у меня как бы я торговал с брокером, там спрэды были сумасшедшие, и я даже не обратил внимание, Я захожу после обеда на свой аккаунт, у меня просто позиции закрыты в убыток. То есть я на тот момент потерял свои первые 25 000 \$. Это было очень больно.

00:02:03

Вот у меня сейчас тоже. И **просто получается, что я получилось не все. И мне надо было выводить деньги как раз** потому, что. Ну, и получается, что просто вот все.

00:02:17

Самое самое главное, что вы не потеряли капитал, потому что все могло закончиться намного хуже. То есть тут.

00:02:26

Опять этот как его, как его называют?

00:02:30

Да да да, я вижу. Ну, смотрите, то есть у вас по факту, как я вижу, другого выбора и не было. То есть у вас был выбор либо потерять все, либо хотя бы как то постараться спасти. То есть вы спасли. Это намного лучше, потому что в любом случае вы потом сделаете, можете просто вывести больше. Но самое главное сейчас решить с этой позиции и чтобы она дальше не пошла в минус.

00:02:58

Потому что я.

00:02:58

Вижу, у вас просадка чуть опустилась, у вас было 26 22 с утра, скорее всего, какие то качели еще будут. Я в любом случае буду с вами на связи, если вдруг потребуются какие то срочные меры и так далее. То есть я бы с вами будем пересматривать, да? Конечно, конечно. Меня попросили. То есть я являюсь руководителем Никиты. Я в целом работаю с миллионными счетами. То есть я не отношусь. Но учитывая то, что Никита очень попросил за вами присмотреть очень

сильно, потому что тяжелая ситуация. То есть хотел бы, чтобы Новый год встретили спокойно и не переживали касаясь того, что что то будет не так.

00:03:44

А можно вопрос? А вы думаете, она все таки закроется какнибудь?

00:03:51

Смотрите прогноз по Эта позиция более чем хорошая. То есть просто надо будет наблюдать, чтобы не было. Не было такого, что мы прозевали эту позицию, потому что у нас по факту будет буквально одна попытка закрыть эту позицию в минимальный плюс или минус, или в ноль. То есть будем уже смотреть по ситуации. То есть вплоть до того, что там даже если я буду видеть, что сделка минус два, -1000 идет, да? То есть и она потом дальше будет усугубляться, и нет варианта, что она выйдет в ноль, то я вам скажу об этом, нам придется ее закрыть в небольшом минусе. Но если мы видим, что, может быть, придется чуть чуть пожертвовать, но, по крайней мере, чтобы не было такого, что, ну, понимаете.

00:04:37

Я понимаю, я в минус один это, конечно, не -25.

00:04:47

Да. А буквально побудьте на линии буквально минутку.

00:04:51

А хорошо, хорошо.

00:07:16

Прошу прощения.

00:07:17

Ничего страшного.

00:07:19

Да. Поэтому смотрите, по поводу вашей ситуации еще раз не переживайте, она полностью под контролем. Она будет полностью под контролем. Я в любом случае приложу все усилия для того, чтоб эту ситуацию перекрыть даже в плюс. То есть будем смотреть уже, отталкиваться конкретно от ситуации. Я думаю, в принципе, до конца этого дня эту позицию мы должны от нее избавиться, забыть как страшный сон. И дальше уже просто быть более внимательными, когда будете открывать. Потому что, я думаю, **Никита второй раз такую позицию не выдержит.**

00:07:57

Я сама не выдержала я. Ну, желательно один раз на грабли наступить и научиться.

00:08:04

Это точно.

00:08:07

Желательно не наступать на них, конечно. Ну, раз уж так получилось. Я, конечно, вообще была в шоке. Я когда увидела, как вы говорите, я начала закрывать другие. Смотрю, я поняла, я в шоке была, у меня нервный срыв начинался.

00:08:25

Послушайте, вы на самом деле легким испугом отделались. Потому что, я повторюсь, у меня была ситуация, когда я лично открыла позицию вместо пять лотов на 50. То есть у меня я потеряла на этом 25 000 \$ на тот момент для меня это были огромные деньги, поверьте, огромное.

00:08:40

Для меня Сейчас, если я потеряю эти 25, это, в принципе, все, что я пока. То есть это была прибыль. Для меня это тоже, скажем.

00:08:53

Ощутимо.

00:08:55

Тем более, у меня была уже.

00:08:57

Пока мы говорили с вами уже 17 717 800.

00:09:00

А я только что заходила, была 22.

00:09:05

300. Это просто.

00:09:07

Объем.

00:09:07

Большой. Поэтому любое, даже изменение цены, оно сразу идет минус четыре, плюс четыре и так далее. Она может подниматься, но если будет подниматься там, я в любом случае буду за этим следить. То есть не пугайтесь, все под контролем. Хорошо.

00:09:24

Спасибо вам большое.

00:09:26

Да, Ольга, тогда приятно было с вами познакомиться. Меня зовут Александр. Я вас наберу еще после обеда и проверим, что с вашей сделкой. Хорошо.

00:09:36

Хорошо. В любое время.

00:09:38

Спасибо.

00:09:39

Спасибо вам большое. И вас также. Спасибо большое. Хорошо.

I see. I see. Mrs. Jadwico, because we did not seem to be on Friday and did not seem to talk on Friday. What's with this payment?

00:00:24

Well, you just have to pay off those thousand nine hundred dollars. Only they just told me that this can be done by an accountant, by an accountant. So I will send you data to the transfer and as soon as the Lord covers these thousand nine hundred and is just confirmed. It is already generated with them, i.e. you only need to fund them in a thousand nine hundred and you will continue to transfer to the bank account. These ten thousand.

00:00:59

Yes?

00:01:04

And this is due to this? What does it show that this payment must be made? Because it is not in total

00:01:18

It should receive ten thousand, you don't, but it's not a tax. This is a reserved amount, i.e. when I buy you do not activate, this is the amount that will be returned to the Lord to a sales account. You just have to show the side and there is an activation of this transfer, i.e. this transfer is reserved for ten thousand and you are probably written, I just don't have this document now. No, okay, good, but I don't have this document.

00:02:02

Te kłódczne pojęcie, ale czy te tysiąc dziewięćset zostanie zwrócone? Yes. So good, that is, I have to pay these thousand nine hundred and ten dollars at the moment. You will give me an account and the amount you need to transfer there with a zloty, where and it will be made in some short time, right?

00:02:24

Yes.

00:02:27

Therefore, it is difficult, as I said and I will also have to say B. Therefore, please send me the information where and what amount I have to transfer this zloty.

00:02:41

Okay, but one more moment to announce one thing. Today with your start time to arrange it today, because tomorrow no person is working. If not today, then we can arrange a third in January and just do it all on January third.

00:03:04

And if I do it today

00:03:08

Well, today we will deal with this topic. Okay, no. And if we know everything, we can transfer to the third in January.

00:03:15

Mrs. Alice, let's try to do it today. **Please send what amount and where should I send it so that I can do it.** All right. As we did because of this Rudas, or what is it called there?

00:03:30

No, this person was under the client under us, and they from Empiuel gave me an accounting account in Poland, which is under the client under them. So it's not behind you.

00:03:44

Under this finish, right? Then they brought the bank, right? Sure, good. You can just wait, I'm waiting for data, because I will have to go, take a transfer to my account and only my account for zero will I have to pay. All right.

00:04:05

It will take a while too. All right. Well, I mean I will try to do it today, if I do it today, so I hope that it will continue to this day, and if not, it will last a few days, right?

00:04:21

Well, we can do it right away: we will move it to three January so that you do not bother you now before the holiday

00:04:30

And wrapped that she didn't worry about it. Send you, send you. I see how to do it, I will try to say that I did. All right?

00:04:42

Just today will not sit at work up to eighteen hours. A maximum of these two hours will be at work. That's why?

00:04:51

I see. In two hours, the family will definitely not do it, the more that the transfer through the bank is still going on for some time, right?

00:04:59

Well, it's better to do it and on January 3.

00:05:03

After all

00:05:04

It has a restoration, there are some items, you could not close the Lord.

00:05:08

Mrs. Alice, a second. I closed only one, moments, closed only one position. However, the remaining ones are at the moment for minus one, minus five hundred, minus one thousand five hundred and minus seven hundred. However, I closed only one item, there was two hundred and twelve when I was closing it at the time of the loan report and when I closed, I closed GPPHR.

00:05:43

I closed myself

00:05:44

Good? I closed it to one hundred and ninety -nine when the notebook is closed below two hundred.

00:07:50

00:07:57

Good, but take you this data to the transfer.

00:08:03

All right. On

00:08:05

00:08:32

PL transcription

00:00:02

Halo?

00:00:03

Halo, dzień dobry!

00:00:05

Dzień dobry! Próbowałem się dodzwonić do pani To

00:00:09

nie było inicja pracy, ja tylko przysłałam do pracy.

00:00:13

Rozumiem. Rozumiem. Pani Jadwico, bo nie zdawaliśmy się w piątek I nie zdawaliśmy w piątek porozmawiać. Co jest z tą płatnością?

00:00:24

No właśnie trzeba najpierw spłacić tych tysiąc dziewięćset dolarów. Tylko oni mnie mówili właśnie, że można to zrobić przez księgowego, przez księgowego. Czyli ja panu wyślę dane do przelewu I jak tylko pan pokrywa tych tysiąc dziewięćset I właśnie idzie już w potwierdzenie. Właśnie już u nich jest wygenerowany, czyli trzeba tylko zasilić na tych tysiąc dziewięćset I dalej u pana już będzie przelał na koncie bankowym. Tych dziesięć tysięcy.

00:00:59

Tak?

00:01:04

A już z tego to wynika? Z czego to wynika, że tą płatność trzeba dokonać? No bo w sumie jest to Nie

00:01:18

powinien to otrzymać dziesięć tysięcy, w ogóle pan nie Ale to nie jest podatek. To zastrzeżona kwota, czyli jak kupię pan nie aktywuje, to jest ta kwota, która będzie zwrócona do pana na konto handlowe. Po prostu trzeba pokazać ze strony I jest aktywacja tego przelewu, czyli jest zastrzeżony ten przelew na dziesięć tysięcy I u pana chyba jest napisane, ja po prostu teraz nie mam tego dokumentu. Nie, dobrze, dobrze, ale Nie mam tego dokumentu.

00:02:02

Te kłódyczne pojęcie, ale czy te tysiąc dziewięćset zostanie zwrócone? Tak. Czyli dobrze, czyli ja muszę w tej chwili zapłacić te tysiąc dziewięćset dziesięć dolarów. Pani mi poda konto I kwotę jaką tam trzeba przelać złotówką, gdzie I to zostanie dokonane w jakimś tam szybkim czasie, tak?

00:02:24

Tak.

00:02:27

Wobec tego trudno, jak już powiedziałem A będę musiał powiedzieć również I B. Wobec tego proszę wysłać mi na maila namiary gdzie I jaką kwotę ja mam tą złotówkową przelać.

00:02:41

Dobra, ale jeszcze jeden moment zapowiedzieć jedną rzecz. Dzisiaj u Pana starcie czasu, żeby dzisiaj to załatwić, bo już jutro żadna osoba nie pracuje. Jeżeli nie dzisiaj, to już możemy umówić się na trzecim styczniu I właśnie dokonać to wszystko trzeciego stycznia.

00:03:04

A jeżeli dzisiaj to zrobię to

00:03:08

No to dzisiaj załatwimy ten temat. Dobrze, nie. A jeżeli wiemy o wszystko, możemy przenieść na trzecie stycznie.

00:03:15

Pani Alicjo, spróbujmy to załatwić dzisiaj. **Proszę wysłać jaką kwotę I gdzie ja to mam przesłać , żebym to mógł zrobić.** Dobra. Tak jak żeśmy robili przez tego Rudasza, czy jak to się tam nazywa?

00:03:30

Nie, ta osoba była pod klientaca pod nas, a oni od Empiuela podali mnie konto księgowego w Polsce, który jest pod klienta pod nich. Czyli to nie za sobą.

00:03:44

Pod tą metę, tak? Potem bank przywieźli, tak? Jasne, dobra. To możesz tylko czekać, czekam na dane, bo ja będę musiał wyjechać, wziąć zrobić przelew na swoje konto i dopiero swojego konta za Zero dopiero będę musiał zapłacić. Dobra.

00:04:05

Także to potrwa trochę. Dobra. No, znaczy spróbuję to dzisiaj załatwić, jeżeli załatwię dzisiaj, no to mam nadzieję, że dalej pójdzie też do dzisiaj, a jeśli nie, no to będzie to trwało jeszcze parę dni, prawda?

00:04:21

No to możemy od razu zrobić tak: przeniesiemy to na trzy stycznia, żeby teraz nie zawracać panu głowy przed świętem

00:04:30

I zawinięte, że o tym nie martwiła siebie. Niech pani wyśle, niech pani wyśle. Ja zobacz, jak załatwię, to jeszcze spróbuję przydzwonić, że pani załatwiłem. Dobra?

00:04:42

Po prostu dzisiaj dzień nie będą siedzieć w pracy do osiemnaście godziny. Maksymalnie te dwie godziny będą w pracy. No właśnie i dlatego?

00:04:51

Rozumiem. Rodzinie to w dwóch godzinach to na pewno nie załatwimy, tym bardziej, że przecież przelew przez bank bark to jeszcze trwa jakiś czas, prawda?

00:04:59

No właśnie, to lepiej to zrobić i już trzeciego stycznia.

00:05:03

Przecież to

00:05:04

Natomiast te pozostałe pozostałe są w tej chwili na minus jeden, minus pięćset, minus tysiąc pięćset i minus siedemset. Natomiast zamknąłem tylko jedną pozycję, no było dwieście dwanaście w momencie, kiedy zamykałem to już w momencie raport pożyczki i w momencie, kiedy zamykałem, no to zamknąłem GPPHR.

00:05:43

Zamknąłem się

00:05:44

dobrze? Zamknąłem ją na sto dziewięćdziesiąt dziewięć w momencie zamykania zeszyt poniżej dwieście.

00:06:02

Tak, już u siebie to otworzyłam. Już podaję panu jeść dwie pozycje Dwie małe pozycje będzie

00:06:11

EN transcription

00:00:00

Halo, Hello, Hello! Yes, I am beautiful. Hello, good morning. How is it at home? Nothing interesting, no.

00:00:12

Holidays after Christmas and now you know, I have a break at work, because we chased us up for Europe and we are waiting for the figure and somehow there is nothing interesting joy, among others, because of your cooperation I have a lot of money and I am poor as pleasant mouse. There is no money, you can see how you. A new end of the year, a lot to pay and you can see how you. Someone does not know who, I don't know what's going on. I have money.

00:01:08

There, and you have rebuilt one thing, but there I closed on a minimum plus. Yes, and tell me yes, yes, because there we invested in a pound to Frank, and on the other hand in sale. So here he did the pound when buying, and there he was on the sale of pounds of euro. It should also make up, no? Is the euro held high at this time so that it does not do, right?

00:01:39

No euro, it is not on the ground. We have to chop there in this euro. Sure, look what the situation looks like. I have a short day today and from tomorrow I will be unavailable until six January. I reported there to the manager to the supervisor to the local manager so that Piotrek on Friday he would call a job to call you, right?

00:02:13

And that this case with payment, no? To do all this, because he can see but for now, for now Jesus, if I have to pay something back, I don't pay for now, because I'm really reset, I totally have long, I don't have some things paid. I have money, and I don't understand, once they wanted to write some that I should pay off for something, now I was to pay for something else. Jerzy, I don't know what the fuck is going on. I'm sorry I'm a bit nervous.

00:02:46

Even I have money, give me money, I have from us how much you started and you need. I can not know even ten thousand as we meet. But Jurek, from which I have a lack of money when I got out there. I will only have a summary of the year now. I don't have money yet.

00:03:07

We just have to wait, if it has to be, I don't know, I will pack money and bring you and pay you in the office. And I will have confirmation because I don't know. And it changed there, this guy got pissed off because he said that you are up to something, that you need something to get something, I don't know. Finally, we started to others again, the money went, it was already fishing, you withdrew it. You force me to pay something that I don't know Jurek all the time.

00:03:38

Take me this damn explain it or describe it to me well that I know. Yes, I will call the head of the manager after the third January. But why do I need this pilot? Well, let him call it, I will probably explain to me what to pay for me? From who I don't talk, everyone says that I should not pay because I have a time to deer, you see I want yours, I don't get anything, some paper from you that you have a license.

00:04:10

Jurek, we can like each other, loving, but I won't pay more money, I am everything. But we don't do anything on our account, so for now? No, no, no, we do nothing. As Turkow, you will confuse this item above that once it will close it immediately and we do not move to the third. We do nothing here until the third of January.

00:04:33

But what will Jurek give me that someone will call? I will tell him the same that **I have no money now**. He says that something new, that he will go before it, will not be controlled, I do not know anything here, I do not know, Jerzy, I can take it away to you, but give me someone, I have nothing to give you and and you say that I will pay and it will be mine. Why should I do it? I really don't understand, take me so damn if you have a private phone, and you explain it to me humanly like a Pole to a Pole.

00:05:09

Well, because I don't understand. I don't know. On the pages they also write about you, there are offices, there are companies in Warsaw, which you have just cheated you lubes there live call. I do not know if I will finally be at the premiere of the nine film, or if I will go down to this office and present the situation and I do not know Jurek, I do not know, because there is a lot of money I have paid. How will you only recover your money?

00:05:38

I can even with you this profit, which is to share with you in half. Then give me my money. Nice, I was nice to chase such big money. I could chase you. You saw how much we did in a short time.

00:05:54

You had money, but I also smuggle something out of it. NO. I don't understand it. Why do I have money? Do I have such pays when I pick up?

00:06:04

And here you remember there you sent that I have payments what it was called the first time who was I supposed to pay a company that composes there? Berg Raid MQL, MQL regulations. Well, now you don't tell me to pay it on, just for something else. And the fact that he will give me only on your accountant say that you can pay. Well, I don't understand this fuck.

00:06:35

So I could even take your previous one, I don't know, the finance, who apparently fired him, he even told me to say that the courier would come for money. So how is Jurek? Jerzy, please, let's respect ourselves. Have I liked, we could do, act, but it **can't** be that I feel here some time so cheated. And I have money, now construction and this, and I am without money.

00:07:05

I borrowed from my son and I have nothing to give to him now. Although this part is launched, and I have a hand-held I will pour it out if you need something like that. I can

transfer you to your account immediately. It is not allowed, so is not allowed. It is not allowed, private.

00:07:24

You have, Jerzy, don't be afraid of me, you have to pay the number. Jacek, I will call you, actually my friend, you know? Here in the 13th anniversary. To simply bypass conversations with the financial manager, right? I was transported to you, I will call you and talk to him normally how it would be all this, you know, normally.

00:08:03

Okay, okay, okay. On my part, today, of course, nice preparations for the New Year, so the life of the New Year meeting with a family circle, yes, in a wonderful mood, in the new year of life of good health, happiness, famous for all I will say so desires and that every dream of your dream would happen that it will be a dawn, no? And most importantly, the most important thing is I have to be with us, right? With the one we live in now. This is priority.

00:08:41

There is priority in life, in Ranta, at home, at home, the same and that everything is ok. Thank you very much, beautiful wishes for your whole family, also the end of the Happy and New Year year. Jurek, help in this matter, because I really want to bother it. I will see you such money, I will, I will, I will go to the premiere of nine, but I will not have it immediately tenth is all over the world and we have a pre -release in Warsaw to close the truth when it is in Poland? In Poland, I don't know, I don't know, I don't know, I don't know.

00:09:22

Jurek, look, because go from private, I talked. Don't be afraid of me, I hurt you and I will do it, I don't know, I'm a normal guy. I just say, I don't know what to do, whether I should go to this legal office, or because there are so many examples described that everything is cool with you until you make sense. Just like I will tell you yes, all the ads that are on the internet, right? They, they, they call us every month and say that gentlemen, I don't know there, I don't know 12 or thousands of euros there to delete this advertisement, delete, you know, that's all ambitious.

00:10:02

NO, but there are such offices in Warsaw, there are gooseberries and I will just eat there, **look that they are bragging, that they are effective.** You know, Jurek, so it's all Legal, cool and you act, you exist. Because you know how I got to you. I probably got through, I don't know, your office, only by some fake released, that there was someone to invest in this gas somewhere, and here it turned out that someone guides it, people grip on it. I am not saying that it is not now, because I see that it works, that the account is, that you can buy, sell, but I say, it is so much understatement that it is fucking.

00:10:49

I fucked, you know a pile of money, I'm not a rich man. I will definitely have money, soon cool, but I could invest in it because I have but Jurek do something to make it go good money lying in it but if you really have a moment it is the second or third? Take a private talk of good, ok. Good, nice. Greetings to you and your whole family.

00:11:22

Happy birthday. Thank you. I am so heard.

PL transcription

00:00:00

Halo, halo, halo! Tak, ja pięknie. Witam, dzień dobry. Jak tam u siebie? Nic ciekawego, no.

00:00:12

Święta po świętach I teraz wiesz, mam przerwę w pracy, bo nas na Europy wygonili I czekamy za sylwetem I jakoś tam nic ciekawego radości nie ma specjalnie między innymi z powodu z Waszą współpracą mam dużo pieniędzy a jestem biedny jak myszkolne przyjemne. Nie ma kasy, widać jak Wy. Nowy końcówka roku, wiele do płacenia I widać jak Wy. Komuś nie wiadomo komu, ja nie wiem o co chodzi. Mam pieniądze.

00:01:08

Tam, a notabene ty jedno się **odbudowało, ale tam na minimalnym plusie zamknąłem**. Tak A powiedz mi już tak, tak, bo tam zainwestowaliśmy w funta do Franka, a z drugiej strony w sprzedaż. Czyli tu jak funt odrobił przy kupnie, a tam był przy sprzedaży funty euro. To też powinno odrabiać, nie? Czy euro w tym momencie też się trzyma wysoko, żeby nie odrobiło, tak?

00:01:39

Nie euro nie, tak nie jest na gruncie. Musimy tam posiekać jeszcze w tym euro. Jasne, patrzcie, jak wygląda sytuacja. Ja mam dzisiaj krótki dzień I od jutra już będę niedostępny do szóstego stycznia. Ja zgłosiłem tam do kierownika do przełożonego do kierownika miejscowego tak, żeby do Ciebie w piątek Piotrek on wezwał pracę, żeby do Ciebie zadzwonili, tak?

00:02:13

I żeby tą sprawę z wypłatą, nie? Żeby to wszystko załatwić, dlatego że no widzi Ale ja na razie, na razie Jezu, jeśli ja muszę coś spłacić, to ja na razie nie płacę, bo **ja naprawdę jestem wyzerowany, totalnie mam długi, nie mam popłaconych** niektórych rzeczy. Mam pieniądze, a ja nie rozumiem, raz chcieli wpisali jakieś tam, że mam na coś spłacić, teraz miałem na coś inne płacić. Jerzy, do końca nie wiem o co kurwa chodzi. Przepraszam, że jestem trochę zdenerwowany.

00:02:46

Nawet ja mam pieniądze, no odpłaćcie mi pieniądze, ja mam od nami, ile zacząłeś I trzeba. Ja mogę sobie nie wiem nawet I dziesięć tysięcy dać jak się spotkamy. Ale Jurek, z czego ja mam brak pieniędzy jak ja się pozadurzałem tam. Ja dopiero będę miał podsumowanie roku teraz. Nie **mam jeszcze pieniędzy**.

00:03:07

Musimy po prostu czekać, jeśli to musi być, to ja nie wiem, zapakuję pieniądze I Wam przywiozę I w biurze spłacę. I będę miał potwierdzenie, bo ja nie wiem. I tam się zmieniło, ten facet wkurzył się, bo powiedział, że Wy coś kombinujecie, że Wy potrzebujecie coś, żeby coś dostać, nie wiem. W końcu **tam zaczęliśmy na inne to znowu, pieniądze poszły, tam już łowiła, Ty je wycofałeś**. Zmuszacie mnie do zapłacenia czegoś, że ja nie wiem Jurek cały czas czego.

00:03:38

Weź mi to kurde wytłumacz albo mi to opisz dobrze żebym ja wiedział. Tak, po siebie trzeciego stycznia zadzwonię przełożone kierownika. Ale po co mi ten pilot? No niech zadzwoni niech mi to pewnie mi wreszcie to wytłumaczają co ja mam płacić? Od kim bym nie gada wszyscy mówią, że mam nie płacić bo mam czas zderyfikować, no widzisz chcę twoje ten, też nic nie dostaje, jakiś papier od Ciebie, że masz licencję.

00:04:10

Jurek, no my możemy się lubić, kochać, ale ja **nie będę kolejnych pieniędzy płacił**, Ja wszystko. Ale na koncie nic nie robimy, tak na razie? Nie, nie, nie, nic nie robimy. Jak Turkow skłócie ta pozycja powyżej, że raz to zamknie się od razu I do trzeciego nic nie ruszamy. Do trzeciego stycznia nic nie robimy tutaj.

00:04:33

Ale co mi da Jurek, że ktoś zadzwoni? Ja mu to samo powiem, że **ja nie mam teraz pieniędzy**. Mówi, że coś by nowe, że pójdzie przed to, nie będzie kontrolowane Ja nic tu nie mam Nie wiem, nie wiem Jerzy Ja mogę Wam to pieniądze odrać ale dajcie mi ktoś, ja nie mam z czego Wam dać A A ty mówisz, że wpłacę I to będzie moje. Po co to ja mam zrobić? Ja naprawdę nie rozumiem, weź mi tak kurde, jeżeli masz prywatny telefon, a ty wytłumacz mi to tak po ludzku jak kurde Polak Polakowi.

00:05:09

No bo ja nie rozumiem. Ja nie wiem. Na stronach też o Was piszą, są biura, są firmy w Warszawie, które właśnie oszukał Cię smardy tam live zadzwoń. 00:00:03

Hello. It's Madame on the phone

00:00:07

Yes.

00:00:08

I'm from. You are registered on your surrounding platform. All investments are ok.

00:00:16

You apply me where sir

00:00:19

From France Madame.

00:00:21

Okay, we did too late, because I already opened an account with someone afterwards, I learned, it was abroad.

00:00:29

Abroad it was who I would like to be able to stand.

00:00:33

Yeah, unfortunately, I had no experience. Me, I was, there, I was convinced by, here, the **government**, the journalists who speak. Here, I registered, I was called, I did not pay attention to asking where he took me the company of useful. And the, and the worst is that I have made twice two hundred and fifty euros.

00:00:55

Two hundred and fifty two. Three times. It's a lot.

00:00:58

Three times. So I'm a certain yes and I have no news today.

00:01:03

That's a lot of madam.

00:01:05

It's very, yeah, we will avoid my account in fact.

00:01:09

I'm really sorry for that, but madam, I would like to pass my superior to you, he will explain to you and he will give you all the legal evidence. If you want more evidence, giving yourself more Madame.

00:01:23

Okay, it's bad.

00:01:24

Give me a minute please.

00:01:26

I pray. Hello Hello. Yes hello. Delighted to have you online and it's Madam Allia to the device yes, it's me. Delighted to have you dear Madame Caroline with you, director of the Finance department.

00:02:02

So, I'm here for more information. So it was normally Jacques with you, he tried to explain a little about our service. Tell me if you have any questions madam, that's to assist you. If I have questions. Yes, you have questions about the application, concerning our service tell me.

00:02:22

Listen to Madam, there you go, I had hundreds of phone calls that I don't want and I didn't understand anything anymore. Sometimes I came across people who spoke little French, that's it. So I, I have, I saw journalists on TV talk, here, the **government**, Mélenchon, Marie Le Pen, who is called, here, Macron. Macron yes. And I underwent myself to see in the grip of two hundred and fifty euros, and today I have no news of these people.

00:02:54

Yes. Then **I don't understand anything**. Here, I do not agree, agree madam, I understand. I will explain to you Madame step by step, okay yes. Perfect.

00:03:06

So today madam, you will start an investment with two hundred and fifty euros, **okay you will have an automatic application that works with artificial intelligence.**

Already no need your time or experience to manage this application. We agree until then yes. Okay perfect. Subsequently already madam, do you have experience in this area before or not Madame, at all.

00:03:32

Okay, madam is not a problem. In any case, you will have training of course free from us for better, of course to better understand what it is exactly, how we can invest, what to invest, these sites to know better. Otherwise you will also have ebooks and videos. This training, of course, Madame, is approved by the French State, okay perfect. Subsequently, since you do not have an experience in this area, you will have an instructor, ok so, the instructor, what is his role with you simply, dear Madame, the instructor, he is there to help you, of course, to put with you a professional financial plan, according to your goal which wishes you to reach it by seated.

00:04:16

For example, you do, what is your goal through, through investment in the markets and all that madam, I let myself be convinced by French journalists who spoke, here, the government, so I thought that here, the magic wand, here, I heard that we could win up to four thousand euros per week, even fifteen days. Here, madam, you can do that, of course. You know why because you are going to have an automatic application that works with a Madame robot, with the new

technology, you see yes. Everything I was told, which they have threw two hundred-five-five euros Madam three times, that's it. So I emptied my accounts today.

00:05:03

So there you are talking to me, you want me to open another account with you, that's it normally yes because you are already registered on our Madame platform. She already calls you. There were the first who called me, I did it with the former who use the therapies Madame. And there I have no news. So there me today I have more money to redo another account, a fourth account, that's it.

00:05:28

Understand I understand Madame. There, sorry. No no no. Madam, not this. So I wish you good luck with this, so I leave you.

00:05:40

THANKS. So can you may advise me, what is the way by which I have to go to recover my money at least because I don't understand anything at all, I don't have this right to build. In fact, normally, you will have contact with a person. Normally he will contact you to start the investment, he will download with you an application, that's one he did, so I have five hundred-four euros. One he did, but he doesn't come back to me anymore, he called him ten days ago, but since then, has none of these news.

00:06:15

He did it, he called me, it seems that it was a financial advisor after registration, the payment of two hundred and fifty two, but the others who investigated twice ,

two hundred and fifty euros and he did not return to me. So he did it, he took care of the payment, he explained that in thirty minutes, told me or tomorrow, a financial advisor or a financial expert, he will call you, it was not done, that's it. Good madam, don't understand, you can file a complaint, regarding that I don't understand. Afterwards, I approached my bank, here, I had to oppose my card and anyway, there is no money, I have put my account. So there you go, afterwards, I don't know what she can do the bank.

00:07:04

In any case, it is **a payment by credit card**, I don't know if it can recover them or not, but there, some, that's it. After the complaint, I don't do it. But it's unfair actually. Of course. Does, do you have a guarantee in email from, from I received emails, yes, I received emails.

00:07:22

You have a guarantee of Lebanon, here, by sending me Lebanon so that I use on the link, here, to make the payment, there you are names. Afterwards, these names, I tried to send emails asking that I would be reminded of such a number, but it was not done, that's it, nobody reminds me. Too bad, really madam, really. I do not understand anything madam, I had hundreds and hundreds, it is so my phone, it was about to exhibit, yes, really, I am really sorry compared to that madam, but in any case we, on our part, after even the activation, so automatically you will have a guarantee of reimbursement. If and that's the link that will be we are in France of course Madame.

00:08:13

Pardon where it in France where it is called what your artificial platform limits Madame. If if you, **if if you can send you an email for example with our documents, with our live location**, so normally agree your email is good Liane AROBASE J M G M x Point F

R, that's it, that's it, but you are everything in France madam. In Paris Madame. Good madam. All right.

00:08:46

Yes. Very good madam. Otherwise madam, I can send you an email now for if, if there is a problem, anything, you can contact me for maybe I can help you or something like. I explained, look at because who you can orient it, maybe he can have completely, absolutely, that's it already. You are all platforms, so after you have experience in the field after ten times.

00:09:15

Absolutely madam, that's why I said that madam. I listen to you then. No, madam, in fact, is not me, but my direct director, he can do this of course. But I advise you an email in any case, answer in the same email, so I can find a solution maybe for you, okay I must say what in the email if I answer your email, I am explaining to you. One, a small testimony in fact compared to that, compared to all this, that's it, okay ok very well.

00:09:51

Very well madam. Thank you, thank you dear Madam. I wish you a very nice day.

THANKS. Also, goodbye.

00:00:33

Ouais, malheureusement, je n'avais pas d'expérience. Moi, j'étais, voilà, j'ai été convaincu par, voilà, le gouvernement, les journalistes qui parlent. Voilà, je me suis inscrit, on m'a appelé, je n'ai pas fait attention de demander d'où il m'a pris le société d'utile. Et le, et le pire c'est que j'ai fait deux fois deux cent cinquante deux euros.

00:00:55

Deux cent cinquante deux. Trois fois. Ça fait beaucoup.

00:02:22

Écoutez madame, voilà, j'ai eu des centaines de coups de téléphone auxquels je n'ai pas envie et je ne comprenais plus rien. Des fois, je suis tombée sur des, des gens qui parlaient peu le français, voilà. Donc moi, j'ai, j'ai vu des journalistes à la télé parler, voilà, le gouvernement, Mélenchon, Marie Le Pen, qu'on appelle, voilà, Macron. Macron oui. Et je me souciais à voir à croire aux prises deux cent cinquante deux euros, et aujourd'hui, j'ai aucune nouvelle de ces gens-là.

00:02:54

Oui. Après **je ne comprends rien**. Voilà, je ne suis pas D'accord, d'accord madame, je comprends. Je vais vous expliquer madame étape par étape, d'accord Oui. Parfait.

00:03:06

Déjà pas besoin de votre temps ni votre expérience pour gérer cette application. On est bien d'accord jusque-là Oui. D'accord parfait. Par la suite déjà madame, est-ce que vous avez une expérience dans ce domaine-là auparavant ou pas Non madame, du tout.

×

00:04:16

Par exemple, vous, fait, c'est quoi votre objectif à travers, à travers l'investissement dans les marchés et tout ça Madame, moi je me suis laissée convaincre par les journalistes français qui ont parlé, voilà, le gouvernement, donc j'ai, j'ai cru que voilà, la baguette magique, voilà, j'ai entendu qu'on pouvait gagner jusqu'à quatre mille euros par semaine, voire quinze jours. Voilà, madame, vous pouvez faire ça, bien sûr. Tu sais pourquoi Parce que vous allez avoir une application automatique qui fonctionne avec un robot madame, avec la, avec la nouvelle technologie, vous voyez Oui. Tout qu'on m'a dit, ce qu'ils ont enfiissé à trois reprises deux-cent-cinquante-deux euros madame, voilà. Donc moi j'ai vidé mes comptes aujourd'hui.

00:05:40

Merci. Alors est-ce que vous pouvez peut-être me conseiller, quelle est, quelle est la voie par laquelle je dois passer pour récupérer au moins mon argent Parce **que je ne comprends rien du tout**, je n'ai pas ce droit de se construire. En fait, normalement, vous allez avoir un contact avec une personne. Normalement il va vous contacter pour commencer l'investissement, il va télécharger avec vous une application, c'est ça Un il a

fait, donc il me reste cinq-cent-quatre euros. Un il a fait, mais il ne revient plus vers moi, il l'a appelé y a dix jours, mais depuis, n'ai aucune de ces nouvelles.

00:06:15

Il l'a fait, il m'a appelé, il paraît que c'est un conseiller financier après l'inscription, le paiement de deux cent cinquante deux, mais les, les autres qui **ont enquêté à deux reprises**, deux cent cinquante deux euros et il n'est pas revenu vers moi. Donc il a fait le, il s'est occupé du paiement, il a expliqué que d'ici trente minutes, me dit ou demain, un conseiller financier ou un expert financier, il vous appellera, ça n'a pas été fait, voilà. Bon madame, ne comprends pas, vous pouvez déposer plainte, concernant ça Je comprends pas. Après voilà, je me suis approchée auprès de ma banque, Voilà, j'étais obligée de faire opposition pour ma carte et de toute façon, **n'y pas d'argent, n'y a plus d'argent**, j'ai mis de mon compte. Alors voilà, après voilà, je ne sais pas qu'est-ce qu'elle peut faire la banque.

00:07:04

En tout cas, c'est **un paiement par carte bleue**, je sais pas si elle peut les récupérer ou pas, mais voilà, certains, voilà. Après la plainte, je ne pas fait. Mais c'est injuste en fait. Bien sûr. Est-ce que, est-ce est-ce que, est-ce que vous avez une garantie au email de, de la part de J'ai reçu des mails, oui, j'ai reçu des mails.

00:07:22

Après, ces noms-là, j'ai j'ai essayé d'envoyer des mails en demandant qu'on me rappelle un tel numéro, mais ça n'a pas été fait, voilà, personne ne me rappelle. Dommage, vraiment madame, vraiment. Je ne comprends rien madame, j'ai eu des centaines et des centaines, c'est tellement mon téléphone, il était sur le point d'exposer, oui, vraiment, je suis vraiment

Lady who takes care of me for that.

00:01:27

A lady who takes care of you like that, like, how Madame I don't understand. Anydesk. Anydesk, no Madame Anydesk, that's something else.

00:01:40

Yes, but I'm at home.

00:01:44

All right. So, you have done, madam, it's just an application to see the person, they are being one. Finally, it's as if you are just not said that it's not trading madam. **You are sure you are not with brokers or**

00:01:59

No, that

00:02:00

at all. All right. Okay, okay, ok, okay. And in any case, as I told you, it is done, it is an opportunity today, agree to make the investment, to start online investment with minimum capital and the application actually as I told you, it is automatic, so you do not need to have a second person with you or a third person, okay. A system is a robot of, so when you install the application and you start, in fact the robot itself, it launches its actions on the markets which are increasing, okay it places positions, okay you see on the French market, say bitcoin is in bone, okay or big brands this week, since there is the next weekend, so they can place actions on these markets.

00:02:56

The actions are say small because you are going to comment with minimal capital as I told you and the losses are minimized at two hundred and stock. You see the losses are minimized. Minimized. Yes, two cents per action. So, let's say that when the robot, he made the analysis of this action he has already placed, okay he has placed, let's say, a hundred euros on a market, on any market.

00:03:26

He found that we started to lose. **We don't gain gain, we start to lose.** If he detects a loss of two cents, okay he will stop this action. So you see that, it is the work of the robot and then you will have access to an instructor, an instructor for a natural person, say that he is a coach, agree to train you, to help you launch actions in markets that will be gains, I do not know me, are you, you are looking

00:04:04

Long term, but anyway, I **have**

00:04:07

No credit on my account. All right. For the moment. All right.

00:04:16

And actions, I don't interest me.

00:04:21

To understand madam, if you already make investments, how it does not interest you

00:04:28

I am already at Nitech, that it is enough for me.

00:04:33

Okay and you make earnings at home yes. You do how much Madame if it is not secret what.

00:04:42

There I am around three thousand euros. Sorry I am around three thousand euros. Per month I invested two hundred and fifty euros.

00:04:54

Agree, okay. So it was with one, okay madam. Have they seen that you will have fourteen days of reimbursement if you start today and all that **is** just a trial of

agreement, that's it. So, it is, it will be a trial period if you start today on February three, agree for fourteen days, you can try the application, try the markets, try to work with the instructor to get to your goals, okay and if you don't like it or anything, you can always withdraw money from agreeing, Madame OK so you can start today, the same capital say, okay, it's also two hundred and fifty euros, but

00:05:40

Has nothing on my account.

00:05:43

How it Madame How You Tell me that you do three thousand euros per month, but you don't have anything

00:05:49

No, not three thousand euros per month, it doesn't

00:05:51

It's not long since I'm there and I

00:05:54

can withdraw some money. All right. But for the moment, I have to wait to have a capital of two thousand five hundred euros to put them back on my account and so the actions may have stayed twice. I will have the epitherium twice or something like that.

00:06:22

Okay madam, I'll just check. So maybe you can, do the actions you do in fact, are they in the crypto, they are in what exactly

00:06:40

What are the crypto

00:06:43

This is Money Digital's market. Yes. Okay, so, so you are in this in this in fact domain I **am not**

00:06:56

Not at all confused in this area.

00:06:60

Okay, it's bold to

00:07:03

And I don't want to do a second thing.

00:07:08

Okay, ok, completely, madam. I want a great day.

00:07:12

Thank you too.

Oui, allô. Allô.

00:00:06

Allô.

00:00:07

Allô. Oui, bonjour madame l'ETC, j'espère que vous allez bien. Oui. Vous m'en rendez Madame, c'est de la part de la société ----. Je vous rappelle concernant un formulaire que vous avez rendu pour le, la v soixante-deux madame, vous en souvenez

00:00:25

C'était, si vous pouvez parler moins vite, parce que je ne comprends pas tout ce que vous dites,

00:00:30

je suis désolée. D'accord, il n'y pas de souci. Je vous ai dit madame, je suis ----, de la part de l'université ----. Je vous appelle, c'est un formulaire que vous avez rempli à la date du vingt sept janvier deux mille vingt cinq concernant l'aide de ce moment donné, madame. On essaie de de vous appeler depuis ce jour-là, mais voilà, on n'a pas eu le succès et donc vous avez décroché aujourd'hui.

00:00:57

Retourne. Très très bien, Parce que vous, vous souvenez des, de, de, du formulaire et tout. Non. D'accord, il n'y pas de souci, n'y pas de souci. De toute façon, madame, en fait, c'est Lix mois.

00:01:08

D'accord. Je, je vous ai, je vous ai expliqué. En fait, c'est une opportunité pour gagner un peu plus d'argent, d'accord À travers quoi À travers **une application automatique qui travaille à l'aide de l'intelligence** artificielle, d'accord Les enseignes Oui oui oui oui, mais j'ai, j'ai une

00:01:24

dame qui s'occupe de moi pour ça.

00:01:27

Une dame qui s'occupe de vous comme ça, comme, comment madame Je ne comprends pas. Anydesk. Anydesk, non madame Anydesk, c'est autre chose.

00:01:40

Oui, mais moi, je suis chez.

00:01:44

D'accord. Donc, vous avez fait, madame, c'est juste une application pour voir la personne, elle est en train de faire corps. Enfin, c'est comme si vous êtes juste pas dit

que ce n'est pas du trading madame. **Vous êtes sûr que vous n'êtes pas avec des brokers ou**

00:01:59

Non, ça

00:02:00

du tout. D'accord. D'accord, d'accord, ok, d'accord. Et dès de toute façon, comme je vous ai dit, fait, c'est une opportunité aujourd'hui, d'accord pour faire l'investissement, pour commencer l'investissement en ligne avec un capital minimum et l'application en fait comme je vous ai dit, elle est automatique, donc vous n'avez pas besoin d'avoir une deuxième personne avec vous ou une tierce personne, d'accord. Un système, c'est un robot de, donc lorsque vous installez l'application et vous commencez le, en fait le robot lui-même, il lance ses actions sur les marchés qui sont en hausse, d'accord Il place des positions, d'accord tu vois sur le marché français, disons le bitcoin est en os, d'accord Ou les grandes marques cette semaine-là, puisqu'il y a le prochain week prochainement, d'accord Donc ils peuvent placer des actions disons sur ces marchés-là.

00:02:56

Les actions sont sont disons petites parce que vous allez commenter avec un capital minime comme je vous ai dit et les pertes sont minimisées à deux cent six par actions. Vous voyez Les pertes sont Minimisées. Minimisées. Oui, à deux centimes par action. Donc, disons que lorsque le robot, il a fait l'analyse de de cette action qu'il a déjà placée, d'accord Il a placé, disons, une centaine d'euros sur un marché, sur n'importe quel marché.

00:03:26

Il a trouvé qu'on a commencé à perdre. **On fait pas du gain, on commence à perdre.**

Si il détecte une perte de deux centimes, d'accord Il va stopper cette action-là. Vous voyez Donc ça, c'est le travail du robot et puis vous aurez accès à un moniteur, un moniteur pour une personne physique, disons que c'est un coach, d'accord Pour vous entraîner, pour vous aider à à lancer des actions dans des marchés qui seront des gains, je ne sais pas moi, est-ce que vous êtes, vous cherchez un un truc pour long terme ou court terme madame Quels sont vos vos buts en fait

00:04:04

Long terme, mais de toute façon, je **n'ai**

00:04:07

pas de crédit sur mon compte. D'accord. Pour l'instant. D'accord.

00:04:16

Et **les actions, ça ne m'intéresse pas.**

00:04:21

De comprendre madame, si vous vous faites déjà des des investissements, comment ça les actions ne vous intéressent pas

00:04:28

Je suis déjà chez Nitech, que ça me suffit.

00:04:33

D'accord et vous faites des gains chez eux Oui. Vous faites combien madame Si ce n'est pas secret quoi.

00:04:42

Là je suis environ à trois mille euros. Pardon Je suis environ à trois mille euros. Par mois J'ai investi deux cent cinquante euros.

00:04:54

D'accord, d'accord. Donc, c'était avec une, d'accord madame. Est-ce qu'ils ont vu que vous aurez quatorze jours de remboursement si vous commencez aujourd'hui et tout ça C'est juste une période d'essai D'accord, voilà. Donc, c'est, ça sera une période d'essai si vous commencez aujourd'hui le trois février, d'accord Pendant quatorze jours, vous pouvez essayer l'application, essayer les marchés, essayer de travailler avec le moniteur pour arriver à vos ob **j**ectifs, d'accord Et si vous n'aimez pas la chose ou quoi que ce soit, vous pouvez toujours retirer l'argent D'accord, madame Ok Donc vous pouvez commencer aujourd'hui avec le, le même capital disons, d'accord C'est deux cent cinquante euros, mais vous aurez aussi Je

00:05:40

n'ai rien sur mon compte.

00:05:43

Comment ça madame Comment vous me dites que vous vous faites trois mille euros par mois, mais vous vous n'avez rien

00:05:49

Non, ne pas trois mille euros par mois, ça ne

00:05:51

fait pas longtemps que j'y suis et je

00:05:54

peux retirer un peu d'argent. D'accord. Mais pour l'instant, il faut que j'attende pour avoir un capital de deux mille cinq cents euros pour les remettre sur mon compte et comme ça les actions pourront être restées deux fois. J'aurai deux fois l'épithérium ou un truc comme ça.

00:06:22

D'accord madame, je vais juste vérifier. Donc peut-être que vous pouvez, est-ce que les les actions que vous que vous faites en fait, est-ce qu'ils sont dans le crypto, ils sont dans quoi exactement

00:06:40

C'est quoi les crypto

00:06:43

C'est le marché de Money Digital. Oui. D'accord, donc, donc est-ce que vous êtes dans, dans ce en fait domaine **Je ne suis**

00:06:56

pas du tout confuse de ce domaine.

00:06:60

D'accord, c'est dur dur chez

00:07:03

et je ne veux pas faire une deuxième chose.

00:07:08

D'accord, ok, à tout à fait, madame. Je souhaite une excellente journée.

00:07:12

Merci, à vous aussi.

00:00:05

The bank was not even released the money necessarily for Atomic because that's a different organization. Hello? Benjamin, can you hear me?

00:00:17

Hello? Benjamin. Yes. Hi, Jorgen. Hello.

00:00:21

I called not so long ago.

00:00:24

Yeah. Sorry. We we take the phone and then it disconnects. Sorry about that.

00:00:28

Oh, really?

00:00:29

Yeah. It has right now.

00:00:30

We got I got there

00:00:31

too late just now. Okay.

00:00:34

Well, at least we got each other right here right now. Listen, Joergen. As I was told by my finance team, they looked into this. Now I personally do with Atomic, but I to be honest, I never cashed out. I stopped by my crypto on Atomic.

00:00:49

I never moved anything out of Atomic. Right? Let's put it this way. So my knowledge, personal knowledge, may be limited. But upon checking everything up with my finance team, and they're telling me that the taxes are included in this money.

00:01:05

So the taxes are included in this particular amount of cash that they're asking of you. Now how are they planning to refund it? I have no idea. Right? That's something that I was not explaining.

00:01:16

But the money that is supposed to be coming in to your account and most likely, the next step will be to ask you for the payment details, I suppose. Like, where is the money going to be sent into? The money will be coming in from an account that is not related to crypto. Hence, that is the reason how they justify it. You understand?

00:01:35

That's how you don't pay taxes after the money comes into your account. You understand? Because the transfer has nothing to do with cryptocurrency. The cash out itself, if you understand what I mean.

00:01:46

Yeah. So what I don't understand, Benjamin, is what we are told well, first of all, my next question is is can we transfer it back to index as we planned? Like, is

00:01:57

that Yeah.

00:01:57

And then convert it?

00:02:00

Well, this is something that has to be done with with atomic support. I suppose it is possible. I see no reason why it wouldn't be possible. But if you can shoot them a message, tell them I'm not interested in having it transferred in dollar Canadian. I'm gonna transfer it over to EdEx by myself and whether that's possible.

00:02:21

Let me know what is needed. So that kind of a message. Yeah. Sure. Why

00:02:25

not? Are they because of in terms of taxes, when we get it back to index and do it on our account, we put it in a special account. And for the you know, for whatever we have invested, we don't have to pay taxes.

00:02:39

Oh, you're right. Wait. Wait. Wait. Just just to correct you over there.

00:02:43

Okay? Any money coming in the dollar Canadian trauma tax, right, is taxable. There is no debate about it.

00:02:50

Okay. It

00:02:51

is the question is from what type of account or from what business is the money coming in? And then that being one of Canada's largest cryptocurrency exchangers Yep. That money will be taxable at some point. Do you understand?

00:03:04

Oh, yeah. Y'all yes. It will be? Okay.

00:03:08

Hundred percent. There is no debate about it. Whether it's even a hundred dollars, it's it's taxable. You understand? Mhmm.

00:03:15

Okay.

00:03:15

There is no debate about it. And given that you have that you're withdrawing more than what you've invested, right, you will have taxes. There is no question about it. Now what Atomic as I was explained over here about my finances, what Atomic is offering I mean, it's not clearly explained. So let's put it this way.

00:03:34

I have to give you a disclaimer. It's speculation. Right? A very educated speculation, let's put it this way. It can be clarified very much, I guess, in a future couple of messages.

00:03:44

But what am I guessing is that it's going to be a Canada transfer from your their account to your account. That account that they will use will not have any kind of relations to cryptocurrency whatsoever. Ergo, the the the transfer that they are doing to you will be not taxable. Now how are they going to justify giving you these fees back? I have no idea, to be honest.

00:04:09

This is not within my needs to understand. I I I I really don't clarify because in the screenshot that you sent me, they mentioned that it is refundable. Yes.

00:04:21

Yeah. And if it's taxes, so that must be a Canadian company then there. Right?

Because

00:04:26

No. No. It is a Canadian company. No. Atomic Atomic added, **like, where it was founded is in Tallinn, Estonia.**

00:04:33

So Atomic is a it's coming from a Baltic country. I don't know if you ever heard about Estonia. Yeah. You probably did. Right?

00:04:40

Yeah. So it's a it's a Baltic country. And, obviously, Atomic having headquarters in Tallinn, Estonia complies with the European Union financial laws and regulations. So, I mean, I don't know if that applies to their branch in Canada very much. I'm not quite sure about it.

00:04:58

I really don't know. But I'm guessing that there are some rules and regulations. I mean, let's put it this way. I have had my clients withdrawn a a lot of money to our company. And some of these clients have, you know, cash out their entire accounts, and we haven't spoken about it afterwards.

00:05:14

Some of them had some money left with us and continue working. Nobody has ever been complaining. Nobody. Nobody ever had any sort of situation in which they haven't gotten their money. Not to mention that **Atomic Wallet as a crypto company is way larger than us.**

00:05:29

I mean, facilitating a couple of hundred thousand dollar withdrawal or probably even a few million dollars is a piece of cake for them. The way I see it, you know, crypto transactions are public. So let's say, for example, when my clients put the money in Atomic and right today, you use it for staking. Staking is investing your cryptocurrency for a certain period of time. It's called staking.

00:05:51

So when they do that, their money goes into some **Atomic Wallet facilities, meaning their own wallets.** These wallets are, of course, possible to be checked to see the balances and what kind of amount of money is moved over there. And I can tell you it's the the trading volume is about, you know, six six hundred and fifty million dollars on a twenty four hour basis. They're massive. They're massive.

00:06:14

They're super big. So from that kind of a perspective on the information that I can gather is what I've seen with my own eyes, I can kind of personally vouch Atomic's legitimacy

and, of course, there are facilities which are unprecedented. Now how are you going to guys approach this, sir? Of course, sir. I I leave it to you, of course.

00:06:36

But let's put it this way. In my way of thinking, what do I think, if you can skip the middleman, which in this case would be the Amdex, and get your money straight into a Canada Bank account, I take it. And not to mention that they refund everything, you get it tax free. It's it's the most beautiful deal you could wish for, in my opinion. I mean, I I as I said, you will approach this however you see that, but

00:07:01

Yeah. I got it.

00:07:02

That would be my kind of personal input. I'm speaking with you now, not in the capacity as an account manager.

00:07:07

I agree.

00:07:07

This would be like, I **I'm in Geneva, Switzerland** simply because I don't wanna pay **government**, you know, forty percent of my money. So, you know, I may may have a little bit of a unbiased opinion on taxes. I I I'm not kind of like a boy scout, a good guy when it comes to taxes. I will take advantage of every report that I can get my hands on Yeah. Simply because I consider this to be a how should I say?

00:07:33

A kind of a little bit of a thieving gift, but but that's opinion. Right? Let's put it this way. I don't want to impose my will on you. That's my opinion.

00:07:41

Yeah. So when it comes to taxes and expenses of moving money or cashing out my investments and I'm coming from the United States. You know? In in in there, they would skin you alive. I mean, god forbid, you get sick.

00:07:54

You're you're done for. You can basically go bankrupt. You know? And so I don't know. I have a certain perspective on on the on the matter, and I'm okay to share that perspective.

00:08:05

But, of course, like I said, I don't expect you to have my perspective.

00:08:08

So, Benjamin, would it hurt to ask them if we can go and send it forward to Nordex? Then the money would be enough. And that's I mean, money would be enough what we put in there.

00:08:20

Yes. Of course. That was my original suggestion. The best thing would be, of course, to shoot them a message and tell them would it be possible to get it done like this. But if would not be a problem, I mean, you can send me a screenshot later on.

00:08:34

If you can ask another side question or two regarding how do they plan to justify this fee being returned and whether that fee includes taxes as well, taxation. Yeah. But you don't have to if you don't want to.

00:08:49

That's Yeah. No. No. Good point. No.

00:08:51

No. That's Yeah.

00:08:53

Because if it does, then you got yourself the best deal there is, obviously. So so in other words, what you're saying, that extra fee of almost twenty seven thousand dollars would be including income tax, Canadian income tax. Is that what you're saying? Not income tax. Capital gains tax.

00:09:10

Capital You would have income tax only if you are licensed and registered day traders. Meaning, you do this for a living. You understand? Capital gains tax does not it's only subjected to what you guys are doing. You guys are not day traders.

00:09:24

Right. That's important to emphasize. So day traders will have income tax, right, simply because this is their job. This is their profession. This is what they do for a living.

00:09:35

Capital gains tax is a simple sale of the asset. You understand? CRA does not have any sort of information what you do with your trading account with All Real Group. You understand? That that there is no information about it.

00:09:47

They only see that you've transferred a certain amount of crypto and that you've got back a certain amount of crypto. Okay. Which is initially, let's say, for example, like you did with that debt. Right? You bought a certain amount of Bitcoin.

00:10:00

You transferred it over to some wallet. You don't they don't know what kind of conversion has it been done. Did you buy Bitcoin, Bitcoin Cash, Ethereum? Did you buy Solana? Did you buy Cardano?

00:10:10

Did you buy some Altcoin that is, let's say, way below one cent? Because people do that all the time. Let me just for me to clarify, probably, Atomic's perspective. In Atomic, you've noticed hundreds, if probably not thousands of coins available over there. Majority of coins on Atomic are way below a set, which means, let's say, for about a

thousand dollars, you would get, let's say, twenty five million or even twenty five billion of these coins.

00:10:40

And if even one of them, right, rises to, let's say, half a dollar or a dollar, people will end up making from a thousand bucks, probably a couple of hundred thousands or millions of dollars. Now, of course, this is borderline gambling. But when we're talking about tax limitation of expenses and especially in crypto, this is how you justify it, especially we're doing crypto trading.

00:11:05

Yeah. So capital Benjamin, I understand that for me. So if there's a cap that tax, we we gonna ask them, I think. But Mhmm. That will be capital gain taxes and then who

00:11:14

would Yes. Yes. Yes. Yes. Capital gain tax.

00:11:16

Who would keep that? Like, the company?

00:11:21

No. Well, listen. As for the message that they've sent, you would get that back. I mean, am guessing that they would take some money out Oh, that's funny. Facilitation of the transfer.

00:11:32

Right? These things usually go without paying. But if you can get away with I don't know. Let's say sixty nine thousand dollars American plus the twenty whatever they're asking in Canada dollars. I'm not quite sure.

00:11:47

But let's say let's say it all rounds up what? About a hundred and fifteen, sixty thousand dollars Canadian? And let's say you get back hundred and ten, I would still consider this to be an amazing deal. So in order to break it down, right, ask them for the option of transferring it just to a tax that they you do everything on your own, and you're handling everything on your own, right, even when taxes come into play.

00:12:13

And then Benjamin, in index, they don't charge that extra fee or you don't know a fee. You have a fee. Yeah. There's

00:12:21

You have a fee. You have a fee for the transfer, but they are not dealing with taxes. You understand? They will send you the money, and however you deal with it, you deal with it. So but but I got a question for you, if it's not a problem, of course.

00:12:35

What kind of tax bracket are you guys in percentage wise? What's your

00:12:39

tax bracket? I think it's thirty five percent, I think.

00:12:44

Are you above forty?

00:12:45

No. I don't think above forty. No. No. So yeah.

00:12:51

So I mean and then for the first for this amount, we are not supposed to pay taxes once we get back now because that's what we, in total, invested roughly. Right? What we sent there. So from in terms of income, our accountant, there's no taxes to pay. Maybe a little bit.

00:13:08

They're a little bit over, but you know what I mean. Right? The sixty five thousand US dollars, it's about equal what we sent. So when we take that out, there shouldn't be any taxes for us. Yes.

00:13:22

That is correct, dear. Taxes should be calculated the amount of money that you transferred. Sorry. The amount of money that you're withdrawing minus the amount of

money that you transferred, and that amount of money that you've that is the difference subject subjectible tax.

00:13:37

Right. Okay. Yeah.

00:13:41

But please double check everything with them. Double check everything with them.

Shoot them a message as soon as they reply. Send me a screenshot, and I'll and I'll get back with you. That's okay.

00:13:49

Good. Thanks so much.

00:13:51

No problem. K. You're welcome. Okay. Bye, Juergen.

00:13:54

Bye, Rachel.

Hello, hello. Hello. I call you from the company's escort department of Industrial Farm. I call you about the drug for the fungus.

00:00:14

Filozov I already. For a minute, I was already talking today. I will not take. I don't need to.

00:00:22

I am in the know. We will call you back. Olga, because for you there is an additional discount that you can use under this article. A course of four packages. It will be for you. 276 €. And only 165. It will be a full course for a month of application. That is, here you save almost 110 € thanks to this. Therefore, use while there is a discount.

00:00:49

Thanks a lot. **No, I will not use.**

00:00:54

I.

00:00:56

I will not. It's just expensive.

00:01:01

I understand you perfectly that the price of the price is relevant for you? There is a need to understand why and what you pay for. It's just that the components are expensive, high -quality, hence the price. Therefore, he works. Hence the effect. Therefore, you get a quick high -quality recovery, getting rid of the fungus fully, completely. At the same time, in the shortest possible time, plus the drug, even immunity is produced for at least three years. Therefore, apparently, you still use it while there is such a discount for you?

00:01:30

No, no, I said already. No, I mean.

00:01:35

Just for this reason, an additional discount was provided. We could recover and.

00:01:42

Fulfill.

00:01:44

Just a high -quality drug, also discounts, but it is unlikely to be cheaper. Does the fungus stay? I concluded.

00:01:51

With you? No, no, no. I will not.

00:01:56

Why don't you want?

00:01:58

Well. Because it is expensive. Because it is also expensive.

00:02:06

Tell me please.

00:02:07

This is money.

00:02:08

Should cost a drug that will help restore.

00:02:12

Health? And you, please excuse me, I said I will not persuade me, I don't need to. I will not.

00:02:25

Clarify. How much, in your opinion, a drug should cost that it will help restore?

00:02:29

He still does not stand so much. I don't know.

00:02:33

But you do not know that because you have not used it yet. Therefore, you cannot evaluate this drug.

00:02:41

Of course I **can't**.

00:02:42

Well, now if you used some exams or salt and lemon, then, unfortunately, you can not wait for the result there. Therefore, cheap. And here is a good quality composition. In order for it to work, they need to use it differently, unfortunately, it will be very difficult to get rid of sin. Therefore, if you want to remove the fungus, remove sweating, an unpleasant odor, restore your nails, and plus I see it both itching and peeling, then you have such an opportunity. Moreover, I repeat, you do not just remove the symptom, but you are cleaning the fungal infection itself. Because, well, to be honest, with the stages running the problem, it is not worth it, it is aggravated. Therefore, we do not recommend delaying you, so you can use it and take care of your health.

00:03:33

No no.

00:03:35

How in this case you plan to get rid of the fungus?

00:03:38

I was there.

00:03:40

And you are here.

00:03:42

I don't plan in any way yet. Then let's see.

00:03:47

Yes, unfortunately, I understand you perfectly. At the same time, unfortunately, postponing it for later, then it will be more expensive for money, and longer in time. Time for recovery. Because you know, the longer to pull with the solution to the problem, the harder it is to restore it. The older we become, the more difficult the recovery process.

00:04:07

I can never take for such a price of a road in any case. It is expensive for me.

00:04:14

It is unfortunate that you deprive yourself of the opportunity to recover. In principle, you can use drugs for 20 30, and even for 50 €, but, unfortunately, it will not work to remove the fungus. I think you already know that. You probably have not the first month and not even the first year I see. And here you were fully getting rid of the fungus. And, to be

honest, they did not regret it. Even if they chose without a promotion. Because without a promotion it costs much more than 165 € is the price of one package. And you get a full course here. Therefore, I repeat, a high -quality drug with a discount, it is unlikely to be cheaper. Unfortunately, in the event of a refusal, your action will burn, it will simply be transferred to the next and you cannot. Therefore, perhaps, still use while you have such an opportunity.

00:05:02

Definitely, gentlemen.

00:05:05

No, I already said no. I will not use.

00:05:10

Goodbye.

00:05:11

Goodbye.

00:00:02

Алло, здравствуйте. Здравствуйте. Я звоню вам из отдела сопровождения клиентов компании _____. Звоню вам по поводу препарата от грибка.

00:00:14

Филозов Я уже. Минуточку, Я уже сегодня разговаривала. Я не буду брать. Мне не надо.

00:00:22

Я в курсе. Мы вам перезвоним. Ольга, Потому что для вас есть дополнительная скидка, которой вы можете воспользоваться по этой статье. Курс из четырех упаковок. Это будет для вас. 276 €. А всего 165. Это будет полный курс на месяц применения. То есть тут вы благодаря этой экономите еще почти 110 €. Поэтому воспользуйтесь, пока есть скидка.

00:00:49

Спасибо большое. **Нет, я не буду пользоваться.**

00:00:54

Я.

00:00:56

Не буду. Просто это дорого.

00:01:01

Я прекрасно вас понимаю, что вопрос цены для вас актуален? Есть необходимость понимать, за что и для чего вы платите. Просто здесь компоненты дорогостоящие, качественные, отсюда и цена. Поэтому он и работает. Отсюда и эффект. Поэтому вы получаете быстрое качественное восстановление, избавляясь от грибка полноценно, полностью. При этом в кратчайшие сроки, плюс препарат, даже иммунитет вырабатывается минимум на три года. Поэтому, видимо, все таки воспользуетесь, пока есть для вас такая скидка?

00:01:30

Нет нет, нет, я сказала уже. Нет, я имею в виду.

00:01:35

Как раз по этой причине была предоставлена дополнительная скидка. Мы могли восстановиться и.

00:01:42

Выполнять.

00:01:44

Просто качественный препарат, еще и скидки, но он вряд ли уже будет дешевле. А грибок то остается? Я заключил.

00:01:51

С вами? Нет, нет, нет. Не буду.

00:01:56

А почему все таки не хотите?

00:01:58

Ну. Потому что дорого. Потому что это тоже дорого.

00:02:06

Скажите, пожалуйста.

00:02:07

Это деньги.

00:02:08

Должен стоять препарат, который поможет восстановить.

00:02:12

Здоровье? А вы, пожалуйста, извините, я сказала я не буду уговаривать, меня не надо. Я не буду.

00:02:25

Уточнять. Насколько, по вашему, должен стоять препарат, который поможет восстановить?

00:02:29

Он все равно столько не стоит. Я не знаю.

00:02:33

Но это вы не знаете, потому что вы им еще не пользовались. Поэтому вы никак не можете оценивать данный препарат.

00:02:41

Конечно, не могу.

00:02:42

Ну, вот если вы на этого пользовались какими то экзаменам или солью и лимоном, то, к сожалению, там результата можно и не ждать. Поэтому и дешевые. А здесь хороший качественный состав. Для того, чтобы он работал, им нужно пользоваться По другому, К сожалению, от греха избавиться будет очень сложно. Поэтому если вы хотите убрать грибок, убрать потливость, неприятный запах, восстановить ногти, и плюс у вас я вижу и зуд, и шелушение есть, то как раз таки такая возможность у вас есть. Тем более, повторюсь, вы не просто симптом убираете, а именно убираете саму грибковые инфекцию. Потому что, ну, если честно, при запущенных стадиях проблема, она на месте не стоит, она усугубляется. Поэтому не рекомендуем затягивать вас, поэтому вы сможете этим воспользоваться и займитесь своим здоровьем.

00:03:33

Нет, нет.

00:03:35

А как в таком случае планируете избавляться от грибка?

00:03:38

Я была там.

00:03:40

А вы здесь.

00:03:42

Пока я никак не планирую. Потом посмотрим.

00:03:47

Да, к сожалению, я прекрасно вас понимаю. При этом, к сожалению, вопросы со здоровьем откладывать это на потом, потом это будет и дороже по деньгам, и дольше по времени. Время на восстановление. Потому что вы знаете, чем дольше тянуть с решением проблемы, тем тяжелее ее восстановить. Чем старше мы становимся, тем сложнее процесс восстановления.

00:04:07

За такую цену задорого я в любом случае никогда не могу взять. Это дорого для меня.

00:04:14

Очень жаль, что вы себя лишаете возможности восстановиться. Вы в принципе можете пользоваться и препаратами за 20 30, и даже за 50 €, но, к сожалению, грибок убрать не получится. Я думаю, вы это уже знаете. У вас, наверное, не первый месяц и даже не первый год я вижу. А тут вы полноценно избавлялись от грибка. И, если честно, не пожалели. Даже если бы без акции выбрали. Потому что без акции стоит гораздо дороже 165 € это цена по факту одной упаковки. А вы тут получаете полный курс. Поэтому, повторюсь, качественный препарат еще и со скидкой он вряд ли будет дешевле. К сожалению, в случае отказа ваша акция сгорит, Она просто будет передана следующему воспользоваться и вы не сможете. Поэтому, быть может, все таки воспользуйтесь, пока у вас есть такая возможность.

00:05:02

Однозначно, господа.

00:05:05

Нет, я уже сказала, что нет. Я не буду пользоваться.

00:05:10

До свидания.

00:05:11

До свидания.

00:00:03

Hello. Good day. What is my name? I am a customer advisor from the Nutriopharm company. You have entered us. For the product Eosin. Mr. Schnicke?

00:00:17

Yes, I just spoke to a colleague. From them.

00:00:21

So recently.

00:00:23

Yes, recently. Yes.

00:00:25

Yes. So you rejected the offer. Probably because of the high prices.

00:00:30

Yes.

00:00:31

Exactly. So, the reason for our phone call is now. We have a new offer for you. A great offer. So, we can see the 40 capsules for a complete recovery. Instead of offering 236 for 165. And then you only pay € 41 for each package. These 40 capsules would be sufficient to restore their health. So, the man's entire urogenital system is brought in

balance with the necessary vitamins, hormones, minerals, antioxidants and everything the body needs, which ensures good erection and a high duration of sexual intercourse. So the snail is a great matter for you.

00:01:21

Yes, men, I already have preparations. Had already explained.

00:01:26

Yes, so our preparation roses differ greatly from the. Of the conventional means you have previously ordered or bought. Both in the composition and in effect. It is completely natural, has no contraindications and side effects and was specially developed to restore the production of your own testosterone. It also normalizes the work of the urogenital system in general and stimulates blood circulation for permanent erection. Works regardless of age, does not burden the heart and, such as Viagra or Cialis, no allergy, nausea, dizziness, for example. So the product is very effective, has a guaranteed and quick result, and the product also has quality and clinical studies that confirm its security and effectiveness. Mr. Schwennicke.

00:02:29

I read that. Do I have that? Yes, I just got on your side. Yes.

00:02:35

Exactly. So, seeing your see is really the best thing you can do for your urogenital tract. And it was not only intended for sexual intercourse, but to achieve a therapeutic effect for at least three years. So it is. It's good too. If you have problems urinating. Hormonal disorders, pain, discomfort, prostatitis. Oh well. Have you been operated on in the prostate, Mr. Schnicke?

00:03:09

No, I've never been. But now I got an appointment. Now next month, so next week, I have to go to the urologist.

00:03:19

Yes.

00:03:21

Yes, it's an age. Now. There is the prostate. Is enlarged.

00:03:28

Enlarged. So, it has already been found.

00:03:32

Yes, that was already three years ago. But I was already found.

00:03:39

Yes, so, it will definitely do it very well. So what.

00:03:44

I have other preparations. Reduce practical prostate and with success now. So, me. I don't have a burning sensation when urinating. **Nothing at all. It doesn't hurt.** N/a?

00:03:58

Yes. Joe Rosin has a complex effect on the entire urinal system of the man. It promotes the production of testosterone. The normal functioning of the circulation, such as the correct balance of hormones and vitamins in the organism. And it also has a cumulative effect. Is that why we recommend or offer at least 40 capsules? So the first two packs give a first effect. But of course the full solution to the problem takes some time and it is also important to take daily. So one capsule per day, preferably at the same time. And if you want to have sexual intercourse, we feel at least 15 minutes in advance, but not more than one capsule per day. Yes, 95% of our customers are satisfied with the results. All over Germany, and this is confirmed by surveys by people who have completed research. Mr. Schnicke. So one. One, a pack usually costs 79 and only today do you have the chance to get the four packs for 165. So, it was a great offer for you. N/a?

00:05:25

Yes, now the offer. I have a 39 € pack.

00:05:30

Exactly € 39 is the campaign price with a discount for a pack. And as I said, we can make every pack for 41 €, including shipping costs. Already right in the middle. You get 40 capsules. Do you have any concerns, Mr. Schnicke?

00:05:55

Yes, yes, I think so. Yes. Why reminds the porcelain? Oh well.

00:06:02

Yes. So, it can also be easily combined with other medication if you take some.

Prescribed by the doctor and can even be combined with alcohol. So, you can drink your four beer, etc.

00:06:20

No, say no. I need to think about it. I'll get in touch again later.

00:06:26

So yes, that would of course be great if you still report to us today so that the offer does not lose because, in contrast to the means you say that you have already tried and that have not brought you any result, our product is effective.

00:06:45

It's the same as with you. It won't be overnight.

00:06:50

No, so actually. So the effect occurs after the first days of application, such as after the seventh or tenth day. However, you should continue to take until all 40 capsules are finished. This guarantees that the body absorbs enough ingredients.

00:07:12

Yes.

00:07:14

Yes, you will be the first to repeat the cure in two or three years if you want. So they are not obliged to do so, but at least in this way it is recommended because with age, such problems of reaction can occur with us men. That is why it is also advisable to make up for temporarily.

00:07:34

Yes, that's why I have a urologist here next month, so at the beginning of next month. That's why I get advice at the time. Yes, but you said you.

00:07:46

Have an enlarged prostate.

00:07:48

Yes i have. I already have myself. I have already bought medication here and there, so it already helps and that also helps. So I really hurt Jörg when urinating and sleeping through it, that's a success.

00:08:04

Yes, so you can keep the testosterone level upright what I wish.

00:08:11

I have that extra, I have it smoothly there and I just need to take a drop in my mouth. And that's enough.

00:08:21

Ah, understand.

00:08:22

I have the restaurant. And our tablets here now. Vitamin B2. You have now ordered. Then I take it afterwards. Yes, so roses.

00:08:37

Differs significantly in both the composition and in the effects of conventional means. So arginine, for example, has an expanding effect on the vessel walls and the arteries. So it is very good for blood circulation. Sereno Palme extract normalized from the prostate.

00:08:58

I have everything, I have everything in my memory. So then I have to take two tablets. Early and in the evening after meals. And I've been doing that for a whole month now, I have the feeling. And bought the other day. Again three months ago. And what? That also helps.

00:09:21

Yes. And have.

00:09:21

She.

00:09:22

Success with it?

00:09:24

Yes. Now, because of the prostate, I have success. This. But is when peeing. Everyone has a beginning here. Now it's gone. Now three or four times will and must out. But that is also registered. Now I can sleep through. Until early.

00:09:42

Ah, very good.

00:09:45

Yes.

00:09:48

Don't you want to use the offer, Mr. Schnicke?

00:09:52

No, we leave that. I. I. Maybe later. Let's see. OK.

00:09:58

Yes. OK. Should we call them later? Or do you do that?

00:10:02

No. I have your page now and can go up immediately. Okay, I'm on your side. It's okay.

Good. Have a nice weekend.

00:10:17

Yes, I wish you too. Nice day.

Deswegen empfehlen wir oder bieten wir mindestens 40 Kapseln an? Also die ersten zwei Packungen geben einen ersten Effekt. Aber die vollständige Lösung des Problems braucht natürlich etwas Zeit und es ist auch wichtig, täglich einzunehmen. Also eine Kapsel pro Tag, am besten zur gleichen uhrzeit immer. Und falls Sie Geschlechtsverkehr haben wollen, empfinden wir mindestens 15 Minuten vorher einzunehmen, aber nicht mehr als eine Kapsel pro Tag. Ja, 95 % unserer Kunden sind mit den Ergebnissen zufrieden. In ganz Deutschland, und dies wird durch Umfragen von Menschen bestätigt bestätigt, die den Forschung abgeschlossen haben. Herr Schnicke. Also eine. Eine, eine Packung kostet normalerweise 79 und nur heute haben sie die Chance, die vier Packungen für 165 zu bekommen. Also, es war ein tolles Angebot für Sie. Na?

00:05:25

Ja, sie werden die ersten, die die Kur in zwei oder drei Jahre wiederholen müssen, wenn Sie wollen. Also sie sind dazu nicht verpflichtet, aber zumindest so wird empfohlen, weil mit dem Alter können solche Probleme der Reaktion auftreten bei uns Männern. Deswegen ist es auch empfehlenswert, zeitweise nachzuholen.

Das Restaurant habe ich. Und unsere Tabletten jetzt hier. Vitamin B2. Sie haben jetzt bestellt. Die nehme ich dann auch anschließend noch. Ja, also Rosen.

00:08:37

Unterscheidet sich sowohl in der Zusammensetzung als auch in der Wirkung von den herkömmlichen Mitteln erheblich. Also Arginin zum Beispiel hat eine erweiternde Wirkung auf die Gefäßwände und auf die Arterien. Also ist sehr gut für die Durchblutung. Sereno Palme Extrakt normalisiert von der Prostata.

00:08:58

Das habe ich alles, habe ich alles in meinem Gedächtnis. Also dann muss ich auch mal zwei Tabletten nehmen. Früh und abends nach den Mahlzeiten. Und das mache ich jetzt schon einen ganzen Monat, habe ich das Gefühl. Und neulich noch dazugekauft. Nochmal vor drei Monaten. Und was? Das hilft auch.

00:09:21

Ja. Und haben.

00:09:21

Sie.

00:09:22

Erfolg damit?

00:09:24

Ja. Jetzt, wegen der Prostata, habe ich Erfolg. Das hier. Ist aber beim Pinkeln. Hier hat jeder einen Anfang. Jetzt ist es weg. Jetzt wird und muss es in der Nacht drei, vier Mal raus. Aber das ist auch registriert. Jetzt kann ich durchschlafen. Bis früh.

Yes, I have it and I sent it in the photo.

00:00:36

Ok, but directly you talk about the voucher with which you worked with Mrs. ____ ____, right?

00:00:44

Yes, yes.

00:00:45

Ok. So, don't you remember that we talk to the automatic system?

00:00:51

Sure, and there I sent you the one hundred six thousand

00:00:53

And so much. Ok. Check what quantity you sent, please.

00:01:01

Give me a second. Give me a second, a second, a second. I'm going to put my lenses.

Ok. And so I don't see closely.

00:01:21

Sorry. One hundred six thousand one hundred seventy pesos.

00:01:30

No, one hundred seventy -three.

00:01:33

Ah?

00:01:33

Lord, were, one hundred and six one hundred seventy -three.

00:01:39

Correct, correct, but there they discount me three pesos. According to the law, twenty thousand and so much. Because I made the deposit of one hundred six thousand one hundred seventy -three pesos, but then I gave the code the code, give me, that here we have customers, transaction, identification, amount.

00:02:07

Identifier code, _____ . Exact.

00:02:13

That is the code, yes, s_____. Ok.

It was that you had to place the exact value, Mr. _____, there were one hundred and six one hundred seventy -three, that is not reflected here. Can you send me the voucher, please? Ah? Can you send me the voucher?

00:02:35

00:05:42

Look, I didn't know that they discounted three pesos and that three pesos were important, and one had put five pesos

00:05:49

No, that has to be exactly the same value.

00:05:53

No, no, but well, known. I did not know, because there I realized that afterwards, according to law twenty nine fifty -six, I was discounted three pesos, but I didn't know, if not, I would have put it more.

00:06:10

No, it **can't** put more, it has to be the same value as I indicated, one hundred six thousand one hundred seventy -three.

00:06:18

If you check the Vale, it says one hundred and six one hundred seventy -three, but Abajito says, according to the law so much, except three. And you have

00:06:29

How much did you pay? But how much did you pay?

00:06:33

One hundred seventy and one hundred seventy -six thousand one hundred seventy -three. And in which you are going to get there is that.

00:06:41

Ok. Give me a minute. I. A momentary, moment. Review it.

00:06:47

Do it.

00:06:51

There is the client, the transaction, the authorized code, the company, Safety Pay, CD, agreement, identifier, amount, the law, total amount, type of debt. They all leave in the place. And I just asked the Lady of Good Wave and made the palettee, because here in Cajón Building find a neighboring box that accepts you fifty, sixty or one hundred.

00:08:59

A moment, yes? Already. Can you listen to me, _____? Yes, I got the voucher, it came to me that you paid one hundred six thousand one hundred seventy, I have to directly investigate, well? This will report.

00:09:45

Already, tell me. But does the proof of the neighboring box have? Yes, I

00:09:50

I have just arrived. Pinto Hernández Liam Marisol? Yes, yes, I already have everything. I am going to register the payment directly, I am going to let you know about this one that had been displayed, well? Ajá

00:10:07

We are going to settle directly on the payment. Ok. So, I call you since everything is ready, yes?

00:10:13

I put what you gave me, and then the discount comes out according to the law so much, and that I did not know.

00:10:20

Ok. How much did you pay there?

00:10:22

One hundred seventy -six, one hundred seventy -three.

00:10:26

One hundred six, one hundred seventy -three.

00:10:28

There I give you the same,

00:10:30

If I, I sent you the receipt receipt. Alright. Ok.

00:10:38

No, because for three pesos no longer, I will not lose everything.

00:10:43

Well, that's fine, it's fine. Let me investigate directly, I call you, well? Yes, yes, yes.

Yeah. Moment.

00:05:42

Mira, yo no sabía que que descontaban tres pesos y que eran importantes tres pesos, y uno lo había puesto cinco pesos

00:05:49

No, ese tiene que ser el valor exactamente el mismo.

00:05:53

No, no, pero bueno, sabido. No sabía, porque ahí me di cuenta que después abajo, según la ley veinte nueve cincuenta y seis, me descontaron tres pesos, pero yo no lo sabía, si no, la habría puesto más.

00:06:10

No, es que no puede ponerle de más, tiene que ser el mismo valor que yo le indiqué, ciento seis mil ciento setenta y tres.

00:06:18

Si tú revisas el vale, dice ciento seis mil ciento setenta y tres, pero abajito dice, según la ley tanto, menos tres. Y te queda ¿Pero

00:06:29

cuánto usted pagó? ¿Pero cuánto usted pagó?

00:06:33

Ciento setenta y ciento setenta y seis mil ciento setenta y tres. Y en el que te va a llegar ahí está está eso.

00:00:03

Hello? Hello? Talk to? Yes. How are you?

00:00:09

Here who is talking is D_____, from the _____ platform, I'm a relationship manager, how are you, all right? All very well. And after **the platform no longer interests me**, I gave up on that. Um, because that's it. There is only a blow there, all this is a blow.

00:00:31

Our platform, ours, the work store, sir sometimes? I saw about three, all of them I discovered everything blow. You apply and receive me back on, when my money, they already come a thousand bags, you have to invest my money to pass it on to me, just a blow. Aham, I don't know. I don't know if that.

00:00:55

And I don't know if you talk, no, do you have to believe people's word for the phone? It is very safe business. Yeah, no, yes, but as you have seen yourself, we have big people from the national market who are with us, right? Fábio Marçal, municipal this is what advertising says. I have nothing.

00:01:16

A person who invests on our platform and knows she is safe. Do you know what happens, Eugladson? Do you know what the problem is? I will talk to you, I have been drinking in the market since nine hundred and ninety and has thirty thousand times,

history a thousand times. Every manager who called me, I am fifty years old, I know the market, I can apply, even little story.

00:01:40

I can't , I lost a child, I don't know, yes. Hey, it was very fucking. That, this sir, no, unfortunately I am very upset that you had these experiences, right? I can tell you that it is no wonder our platform we have been in the market for over ten years, right? Of course, certainly how everywhere, how satisfied people are in the bank and how they are not satisfied.

00:02:07

But taking into account the number of active people we have and the number of people who complain about us is a totally huge number, because today active on our platform, we have one hundred and seventy thousand people online just right now. Per day, more than million and five hundred thousand people pass through our brokerage. So, with this audience all you need to be advertising, having to invest with you? Look, I honestly. Look, let me explain to you.

00:02:47

We are in the situation of the Brazilian, right? I, okay, I'm a company relationship manager, what do I do? I come in with other people in touch to understand their investor profile, because once a month I choose three people to make a leverage of heritage, helps you make a profit from the market. No complication, no problems and without asking you money, you know? I'm not here to ask you money, I'm here to offer you an opportunity to leverage your assets.

00:03:30

Of course, the more you invest, ok, but that doesn't mean we can't start with just the hundred dollars you available in your assets, you know? I understood, but no. This is just talk for you to sleep. Look, how we can't, we can't sometimes a good opportunity to pass because of fears and people who speak the opposite. Sometimes it's A, sometimes it's your star who is waiting to shine, and it is the Lord unfortunately for not letting it happen.

00:04:08

No, I then saw this conversation on more than four platform, right? Have you ever been investing in any platform? Investa. It has already invested and has probably lost. I lost?

00:04:24

So, can I tell you something else? I have a client _____ da, Rio Grande do Sul, who just as you came in with a hundred dollars, because I, I have been choosing you, I choose people, draw, a month I choose nine people, every day I contact one to offer her help. Now if she wants to help me, it's her choice. I **can't** force you to talk to you look, Doctor Bruno, come with me, help me climb my heritage and as I said myself, I would start this project without asking you real, showing you that our platform is serious and that our method works. But for that, I need your commitment and that you want.

00:05:13

If you don't want to speak your assets, if you don't want to make money from it, it's okay. There will be no problem. You don't want to make money, son, but no one wants to be passed. No one wants to be passed back with a conversation, phone. We are, look, we have, Lula is invested with us, the so -and -so is invested, has become rich.

00:05:36

That, we don't start first because Luna doesn't invest, Luna just steals, right? So we don't even start there that we know it's not there the conversation. Yeah, I was stolen, look. And which platform I have the most happy? No, I won't mention the name for you not.

00:05:55

I ordered fifty thousand reais, that's all. I understood. Do you just want to click new conversation now? No account, you **can't** judge the book, all because of the error of right? It's the same thing that you go there, it's the same thing as you go on on the internet to talk, talk, Bradesco has a lot of dissatisfied people, so no one else will use Bradesco banking system not in Brazil?

00:06:20

That is, the economic **issue**. Everywhere has to be at school. You studied at the same school, the speech is the same, the narrative is the same, because it's the best, that will earn millions, which I don't know what, same. None of this will. You, I will ask you a single question now, based on your answer from the segment of what we want, what I want in the reason I called you here, if you do not do everything I will leave next and I will pass this opportunity to the next person, ok?

00:06:54

You are interested in scaling your assets, easy to easily, as the market asks calmly, without promising you mind -boggling gains that I am not these internet liar, who says you will earn two hundred, three hundred, I work with heritage management, okay? I only make tickets with a maximum of three percent of your assets so as not to risk your assets, and so we will slowly climb your heritage to me next week already take you the deposit of our broker, your account, to understand, look, really, I can have mistaken and I'm talking to serious people. Would you have interest in this? If you have not all right, I leave for the next person. And where are you talking about?

00:07:47

I speak through the interman platform. Let's go. Where are you? Are you in Sao Paulo? No, I live in Panama, we have a connection center in Brazil that has.

00:07:57

It's also a conversation last time, Panama's guy, I don't know what, here, what a conversation is this boy? Well, what do you need? Ah, you, you gladyson, your gladyson, wait, I think it's uncomfortable talking about being able to help you, I think it's better for us to close here because if I think I'm not here. I'm not here, okay? To stay, watching these things, I know how I didn't tell you three times.

00:08:23

Oh, you don't have to assume anything, you have to stop being with more people, these mixed blows from you. Just that. So ok, you don't want me to prove you in full, okay?

And sorry for the word like that, it's not, not that not wanting to offend you, but that I shut your mouth proving with money in the account? I don't want to go.

00:08:42

No no, no no no no convince anyone this story. Perfect, money in the account does not convince no one, then. No no, I need no, and is not already in the easiest scent. In one hundred and sixty million in Brazil then that's it, good luck to you, okay? Okay, thanks see?

00:09:02

It cost. Bless you, have a great day.

00:02:07

Por dia, mais de milhão e quinhentas mil pessoas passam por dentro da nossa corretora. Então, com esse público todinho você precisa estar fazendo propaganda, ter que ser que você for investir com vocês? Olha, eu sinceramente. Olha só, deixa aí eu te explicar.

00:02:47

A gente está na situação do brasileiro, né? Eu, tá, eu sou gerente de relacionamentos da empresa, o que que eu faço? Eu entro com outras pessoas em contato pra entender o perfil de investidora delas, porque, uma vez por mês eu escolho três pessoas para fazer uma alavancagem de patrimônio, ajudá-las a obter lucro de passo ao mercado. Sem complicação, sem problemas e sem te pedir dinheiro, entende? Eu não estou aqui

pra te pedir dinheiro, estou aqui pra te oferecer uma oportunidade de alavancar o seu patrimônio.

00:03:30

Claro que, quanto mais o senhor investe, ok, mas isso não quer dizer que nós não podemos começar com apenas os cem dólares que você disponível no seu patrimônio, entendeu? Entendi, mas não. Isso é só conversa pra você dormir. Olha, como é que a gente não pode, a gente não pode às vezes uma oportunidade boa passar, por causa de medos e de pessoas que falam ao contrário. Às vezes é a, às vezes é a tua estrela que está esperando pra brilhar, e é o senhor infelizmente por não deixar acontecer.

00:04:08

Não, eu então vi essa conversa em mais de quatro plataforma, né? Já chegou a investir em alguma plataforma? Investi. Já investiu e perdeu provavelmente. Perdi?

00:04:24

Então, posso te falar outra coisa? Eu tenho uma cliente _____ da, pelo Rio Grande do Sul, que assim como o senhor entrou com cem dólares, porque eu, eu opero carteiras maiores, eu te falei, eu escolho pessoas, sorteio, por mês eu escolho nove pessoas, todo dia eu entro em contato com uma pra oferecer a ajuda dela. Agora se ela quer me ajuda, é uma escolha dela. Eu não posso te obrigar ao senhor a falar olha, doutor Bruno, venha comigo, me ajude a escalar o meu patrimônio e como eu mesmo falei, eu me, eu começaria esse projeto sem te pedir real, te mostrando que a nossa plataforma é séria e que o nosso método funciona. Mas pra isso, eu preciso do seu empenho e que o senhor queira.

00:05:13

Se o senhor não quer falar seu patrimônio, se o senhor não quer ganhar dinheiro com isso, está tudo bem. Não vai ter problema. Não quer ganhar dinheiro, filho, mas ninguém quer ser passado. Ninguém quer ser passado pra trás com golpe de conversa, telefone. Nós estamos, olha, nós temos, o Lula está investido com a gente, o o fulano está investido, ficou rico.

00:05:36

Isso, a gente gente não começa primeiro porque o Luna não investe, o Luna só rouba, né? Então a gente nem começa por aí que a gente sabe que não é por aí a conversa. Pois é, eu fui roubado, olha. E qual que é a plataforma que eu tenho mais mais feliz? Não, não vou citar o nome pra você não.

00:05:55

Pedi cinquenta mil reais, só isso. Entendi. Você quer só clicar agora de novas conversa? Não tem conta, não pode julgar o livro, todos por causa do erro de né? É a mesma coisa que o senhor ir lá, é a mesma coisa que o senhor ir lá na internet falar, falar, o Bradesco tem monte de gente insatisfeita, daí então ninguém mais vai usar sistema bancário do Bradesco não não no Brasil?

00:06:20

Ou seja, a questão econômica. Todo lugar tem que estar na escola. Você estudava na mesma escola, o discurso é o mesmo, a narrativa é a mesma, porque é o melhor, que vai ganhar milhões, que não sei o que, mesma coisa. Nada disso vai. Tu, eu vou te fazer uma única pergunta agora, baseado na tua resposta do

segmento do que a gente quer, do que eu pretendo no no motivo que eu te liguei aqui, se tu não fizer tudo bem eu vou partir pro próximo e vou passar essa oportunidade pra próxima pessoa, tá?

00:06:54

O senhor tem interesse em escalar o seu patrimônio, Facilito a Facilito, como o mercado pede com calma, sem **te prometer ganhos mirabolantes que eu não sou esses mentiroso da internet, que fala que você vai ganhar duzentos, trezentos por cima**, eu trabalho com gestão de patrimônio, tá? Eu só faço entradas com no máximo três por cento do teu patrimônio pra não arriscar o teu patrimônio, e assim nós vamos escalando devagarinho o teu patrimônio pra mim na próxima semana já te levar o, te mandar depósito da nossa corretora, da tua conta, pra tu entender, olha não, realmente de fato, eu posso ter me equivocado e estou falando com pessoas sérias. Terias interesse disso? Se não tiveres tudo bem eu parto pra próxima pessoa. E aí Você está falando de onde?

00:07:47

Eu falo através da plataforma InterMagno. Vamos lá. Onde é que você está? Está em São Paulo? Não, eu moro no Panamá, nós temos uma central de ligações no Brasil que tem.

00:07:57

É também uma conversa da última vez, o cara do Panamá, não sei o quê, aqui, que conversa é essa rapaz? Bom, o que precisar? Ah, seu, seu Gladyson, seu Gladyson, espera, eu acho que fica pouco difícil de falar de poder te ajudar, eu acho que é melhor a gente encerrar aqui porque se Eu acho que eu não estou aqui. Eu não estou aqui, tá? Pra ficar, assurando essas coisas, eu sei como eu não te falei, três vezes.

00:08:23

Ah, você não tem que assurar em nada, você tem que deixar de estar com mais pessoas, esses golpezinhos mista de vocês. Só isso. Então tá, tu não quero que eu te prove na íntegra, tá? E desculpa com a palavra assim, não é, não que não querendo te ofender, mas que eu cale a sua boca provando com dinheiro na conta? Não quero ir.

00:08:42

Não não, não não não não convence ninguém essa história não. Perfeito, dinheiro na conta não convence ninguém não, então. Não não, preciso não, e não já está na lanteria mais fácil. Em cento e sessenta milhões no Brasil aí então é isso, boa sorte pro senhor, tá? Está bom, obrigado viu?

00:09:02

Valeu. Te abençoe, tenha ótimo dia.
